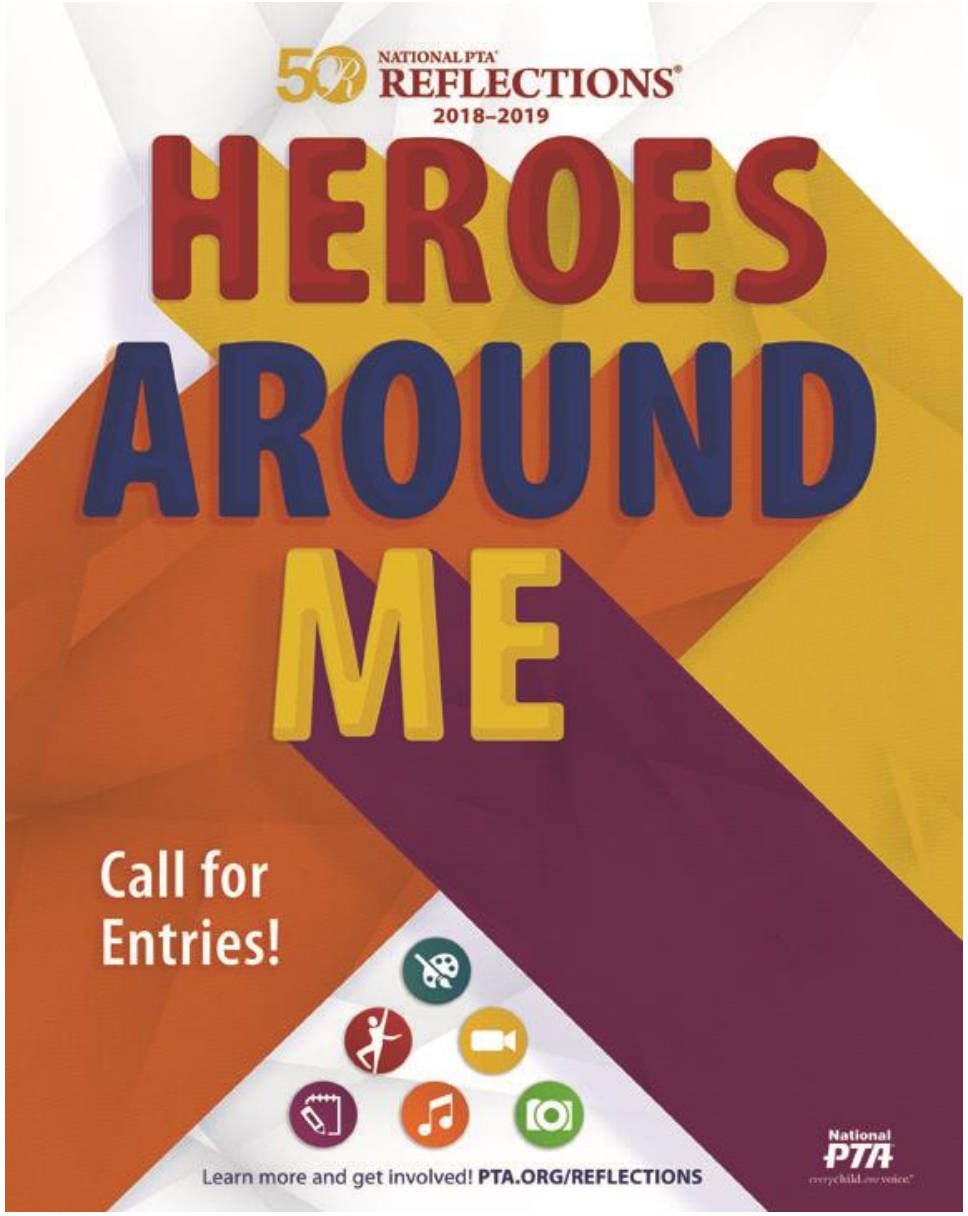
Multiplication Heads Up *(A game by Mathnasium)*

Divide into groups of 3 (2 players; 1 facilitator)

- Distribute index cards to each group and have group write a number (1-10) on each card
- Without looking at value, each player draws a card and holds it number-side-out on forehead
- Facilitator says a product (multiplication) of two cards
- First player to guess their own number wins



The 2018-2019 theme is
