

## **HIV AND AIDS INFORMATION AND EDUCATION AWARENESS**

Since there is no vaccine preventing HIV and no known cure for AIDS, Missouri Congress of Parents and Teachers, its units and councils must continue to provide awareness of the HIV and AIDS through the schools and community through distribution of information and through education.

It is imperative that Missouri Congress of Parents and Teachers, its units and councils, must continue to diligently pursue efforts to provide an awareness if HIV/AIDS curricula grades K-12.

Adopted 1992
