

Get Ready for Next Year

- Make sure your procedure files are up to date
- Make sure your financial records are current and ready for the financial review.
- Check your bylaws to see when they are due for review.
- If there is a slate of nominees, encourage each other to do the e-learning courses that are currently available and watch for new ones to be released.
<https://www.pta.org/home/run-your-pta/elearning>
- Consider partnering with these volunteers to develop a plan of work for the next term.
- Check out the PTA programs. What could be implemented next year? If you have never done Reflections, this would be a great one to start.
- There are many free conference call sites that will allow you to convene and work together.
- Share resources with your families. We have started a list on our website and continue to add to it each day. <https://mopta.org/resources-for-families-during-school-closures/>
