BANKING SAFETY TIPS: HOW TO SPOT EMAIL SCAMS

HERE ARE SOME SIMPLE TIPS TO STAY SAFE FROM SCAMS AND PHISHING:

Be cautious if the email:

- Doesn't use your full name and has a generic greeting
- Has incorrect logos, design or looks strange
- Contains suspicious website links
- Includes attachments and software.

Be wary of false urgency.

- Scams often create a false sense of urgency. If in doubt, log in to your PayPal account to check for urgent messages or notifications.

Watch out for offers that seems too good to be true.

- Scammers may use false promises like money in exchange for a favor, lottery wins, or unsolicited job offers.

Never provide personal, credit card or account information via email, text or phone.

- Always log in directly to update your personal information, including your full name, credit and debit card numbers, bank account numbers, your driver's license number, email, and password.

YOUR LOCAL PTA UNIT OR COUNCIL COULD BE SEEN HERE

We know that school is just beginning in Missouri, but let's get those celebrations coming in as soon as possible.

We are sending our warm wishes to all of our PTA's, the officers, chairs and the members and members soon to be. We have great teachers and staff in our schools who have prepared for a great year with our youth. We look forward to hearing about the amazing collaboration, engagement and partnerships between parents, teachers and students.

Now start taking pictures and start showing others how we do amazing things everyday in our PTA schools. Thank you for the continued support of our PTA mission and purposes.
