

Dear Student,

Do you want to make a difference in your school, home and community? Do you wish you could have more say in what happens in your school? Do you wish parents and teachers understood your needs better? Do you think adults should know more about the views of students?

You may not realize it, but the PTSA offers you these kinds of opportunities. The PTSA is one of the largest volunteer organizations in the world. It's more than 6 million members range from parents and teachers to administrators, students, community leaders and senior citizens.

Too often adults attempt to decide what is best for young people without consulting them. The PTSA is one of the few youth-focused organizations that actually gives its student members equal authority, equal responsibility – and an equal vote.

Through PTSA involvement, you can gain leadership experience and learn new skills, such as conflict resolution and goal setting. You can also improve your school and community by organizing and participating in PTSA programs, addressing legislative and educational topics.

Join (name of \_\_\_\_\_) PTSA. Your perspective will be invaluable.
